Address Sign Fundraiser

The Kane Volunteer Fire Department is selling address signs, as a fundraiser, to residences and businesses in the KVFD districts of Kane Borough and Wetmore Township. Many addresses in our protection area do not have a clearly defined and visible address posted in the correct location. This can present a safety hazard in the event of an emergency call and cost valuable time.

According to the borough code chapter 102-9 ordinance number A-895, "The number or numbers herein required shall be of any suitable, durable material, of a contrasting color to the surface on which affixed so as to be easily legible, not less than three inches in height, and so placed on the building as to be readily seen from the street or alley on which the building fronts." This sign is designed to meet the borough code, is reflective and look nice as well!

Thanks to our talented businesses in Kane this sign was made locally and incorporates the exciting new Kane logo of "A Star in The Forest"!

Orders will be placed on a first come first serve basis with limited amounts of each color available. Once they are gone that's it so don't delay! Please include a payment by check and mail your order to:

Kane Volunteer Fire Department
